

YEAR 2 LILLIAN BILOCCA

WHO WAS LILLIAN BILOCCA?

Lillian Bilocca was a brave woman who lived in the United Kingdom. She was born in 1932 in a city called Hull, which is near the sea. Lillian is remembered for doing something very important to help people, especially fishermen.

FIGHTING FOR FISHERMEN'S SAFETY

Lillian cared a lot about the people who worked on fishing boats. In the 1960s, many fishermen were in danger because the boats were not safe enough. Some boats sank, and many fishermen lost their lives. Lillian wanted to make sure this did not happen again.

THE HEROIC HULL FIVE

Lillian became a leader for a group of women who wanted to make fishing boats safer. This group was called the "Hull Five." They worked hard to make sure the government changed the rules to protect fishermen. Lillian's hard work helped save many lives.

LILLIAN'S LEGACY

Because of Lillian Bilocca and her group, there were better safety rules for fishing boats. She showed everyone that one person, even a woman, could make a big difference. Today, people remember Lillian as a hero who stood up for what was right.

A BRAVE WOMEN

Lillian Bilocca may not be as famous as some other people, but she was very brave. She worked hard, spoke out for what she believed in, and helped save lives. She is a wonderful example of how courage and kindness can change the world.
