

YEAR 2 AMY JOHNSON

WHO WAS AMY JOHNSON?

Amy Johnson was a very brave woman who loved flying aeroplanes. She was born a long time ago, in 1903, in a place called Kingston upon Hull, which is in England. Amy became famous for flying around the world in an aeroplane all by herself!

AMY'S BIG ADVENTURE

In 1930, Amy made her first big flying adventure. She flew from England to Australia. It was a very long trip, and there were many challenges, but Amy was very clever and brave. She flew her plane for many days and nights, and when she finally arrived in Australia, everyone was so proud of her.

AMY'S LOVE OF FLYING

Amy Johnson loved flying ever since she was a little girl. She trained hard to learn how to fly aeroplanes and became one of the first women to get a pilot's licence. She showed everyone that girls could do amazing things too!

HELPING DURING THE WAR

When World War II began, Amy helped her country by flying planes for the government. She was very brave and flew dangerous missions to help the soldiers. Amy became an important part of the war effort.

AMY'S LEGACY

Amy Johnson is remembered today as a hero. She showed that with hard work, determination, and courage, anything is possible. Many children still learn about her incredible adventures in school. She will always be remembered as a pioneer of flying.

FUN FACT

Amy Johnson's aeroplane was called "Jason." It was a special plane that helped her fly across the world. How cool is that?
